

# ELIXIR INDUSTRIES

SINCE 1948

## Residential and Commercial Windows

Elixir Industries continues to offer excellent products for the needs of our customers. Elixir Industries' residential and commercial window product lines allow our customers to purchase residential and commercial windows of high value, high quality at affordable prices. Currently, Elixir has two styles available: the single hung 5600 series vinyl window with a new 4-9/16" jamb, and the double hung 8006 series vinyl window. Both of which are well suited for our customers' needs and will retain that all important "curb appeal".

# ELIXIR INDUSTRIES

SINCE 1948

## Optional Features:

- Various shapes and custom sizes for your specific application
- Tan colored vinyl
- 3/4" profiled grilled bar on GBG windows
- Full length screens
- Obscure glass for bathroom privacy
- Tented glass in bronze or gray
- Low-E glass for energy savings
- Tempered glass for your safety: available in clear, obscure, and Low-E

## Benefits

- Main frame is welded for strength, durability, and appearance
- 14 degree slope sill for ease of application
- Replicated "Wood" look with full finger plow for operating ease
- Dual durometer glazing design consists of flexible and semi-rigid vinyl flanges that seal the sash and glass together with a truly tight seal
- Woolpile weatherstripping on all sides of the sash for better insulation
- Cleaning is easy
- Integral nail fin affords for easier set-in-place installation
- Custom sized windows available to fit your application
- Virtually eliminates drafts, painting and upkeep
