Amada F1 Laser System

Elixir Industries - Mesa, Arizona division continues to provide our customer base with cutting edge technology. Being able to provide customers with laser precision manufacturing in a wide range of materials is our focus. The Amada F1 Laser Profiling System allows us to process customer product with unparalleled speed and accuracy. Our products can meet the high tolerances our customers have come to rely on time-after-time. It is with our Amada F1 Profiling Laser System that we will be able to process your parts to your high standards! For us, quality is not a catch phrase - it is a design element.
